ABB

ABB is a pioneering technology leader that works closely with utility, industry, transport and infrastructure customers in more than 100 countries.

With more than four decades at the forefront of digital technologies, we are a leader in digitally connected and enabled industrial equipment and systems, with an installed base of more than 70,000 control systems connecting 70 million devices.

Through our advanced technologies, we provide solutions that increase the reliability, security and capacity of power generation, transmission and distribution, and boost productivity in industrial, commercial and utility operations.

In the utility sector, ABB offers power and automation products, systems, service and software solutions across the generation, transmission and distribution value chain. Our portfolio includes enterprise software, grid integration, transmission, distribution and automation solutions and a complete range of high voltage products and transformers.

Maintaining our position as one of the world’s leading engineering companies requires technology leadership, global presence, application knowledge and strong local expertise.

With a history of innovation spanning more than 130 years, ABB today is writing the future of industrial digitalisation and driving the Energy and Fourth Industrial Revolutions. As title partner of Formula E, the fully electric international FIA motorsport class, ABB is pushing the boundaries of e-mobility to contribute to a sustainable future.

ABB Australia has been a member of CEDA since 2015.

Advisian

Creating value by solving the world’s critical resource, energy and infrastructure challenges. Advisian understands specific commercial, technical and collaboration challenges – proudly accessing decades of project and business experience to provide informed advice and ensure strategic, practical and commercially orientated solutions.

As the independent consulting business line of the WorleyParsons Group, Advisian provides a true end-to-end offering for clients, with approximately 2,800 consultants across 19 countries integrating strategy, management and technical consulting expertise.

Providing the advice and partnering with our clients to implement that advice, we are a practical, innovative, results-driven organisation with a singular focus on the success of our clients. We are open, honest and direct, and we deliver what we promise. We advise, then deliver.

Advisian has been a member of CEDA since 2011.
overview and introduction

David Sullivan
Head of Electrification Products, ABB

David has more than 20 years’ experience locally and internationally in the electrical supply industry as it relates to Utilities, Process Industries and Minerals. He was appointed to the role of Local Division Manager in 2017 after leading both the Medium Voltage business for 3 years and earlier National Sales and Account Management for the Power Divisions. David brings a strong focus on understanding the needs of customers in power and automation technologies.

David has an Electrical Engineering Degree from University of New South Wales and a Masters of Business Administration from Open University United Kingdom.

David is a Trustee of CEDA.

CEDA will be tweeting from this event using #EnergyFuture
Join the conversation and follow us on Twitter @ceda_news
Jim Galvin has an established history in Australia’s energy markets, with more than 25 years of experience in retail, commercial, sales, marketing and customer operations roles.

Prior to joining Alinta Energy in 2014, Jim was General Manager Retail Markets at Origin where he was responsible for the growth and financial performance of the retail business servicing four million customers. This built on 20 years with AGL, where he had responsibility for retail sales and marketing, customer operations, strategic positioning and transformational change across a variety of senior roles.

Jim has overseen the expansion of Alinta Energy’s retail presence from Western Australia to the east coast of Australia. He is responsible for profitably growing the retail segment, developing innovative products and ensuring exceptional customer service for Alinta Energy’s one million plus customers.

Jim is a Trustee of CEDA.
Melissa Reynolds
Chief Customer Officer, AGL Energy

Melissa has over 30 years’ experience in product, marketing, brand, sales and service in consumer and business markets. This includes leading large scale customer and digital change in the financial services and media sectors.

Prior to joining AGL, Melissa held senior roles at NAB, as EGM Retail; Sensis where she led the digital transformation of White Pages; Esanda and Westpac. Melissa joined AGL in May 2017.

Melissa holds a Bachelor of Economics, a Masters of Commerce, is a graduate of Australian Institute of Company Directors (AICD), and has completed the Advanced Management Program at Insead.

Melissa is a Trustee of CEDA.
Peter Israel
Principal and Power Sector Lead, Advisian

Peter has extensive energy sector experience having been a senior executive through the deregulation phase of Australia’s energy industry and working in power development internationally. He is currently advising private and Government entities on commercial implementation of renewable and storage initiatives in Australia.

Peter had held a number of Board positions in the sector and recently led the market entry of a major Australian company into utility scale solar in Chile’s Atacama Desert, whilst assessing geothermal, hydro and LNG opportunities in that country.

Prior to this he was Chief Executive Officer of an international energy development company and had responsibility for a portfolio of 3000MW of operating generation in the National Electricity Market. Before entering the energy sector Peter was a Vice President with Merrill Lynch and Bankers Trust and commenced his career as an officer in the Royal Australian Navy.

Peter is a Trustee of CEDA.

Supported by CEDA member major series sponsor Griffith Business School.

Further sponsorship opportunities available.
about CEDA

CEDA is a respected independent national organisation with an engaged cross-sector membership. More than 780 of Australia’s leading businesses, organisations and academic institutions from around the country are members of CEDA. For more than 50 years, CEDA has delivered informed discourse and rigorous research to influence good public policy for Australia’s economic and social development.

Membership

Organisations join CEDA because CEDA delivers exposure to high level thought leadership, timely briefings on issues of economic importance, access to networking and brand reach through sponsorship and hosting opportunities. In addition to high profile public events, CEDA also delivers regular member only events for employees of member organisations and exclusive Trustee only boardroom briefings for senior executives from member organisations. These provide a unique opportunity for peer-to-peer knowledge exchange and for speakers and attendees to talk candidly on issues.

Research and policy

CEDA’s only agenda is to pursue good public policy to progress Australia’s economic and social development. Since 1960 CEDA has produced more than 3000 publications, research reports and articles highlighting emerging issues and directions in a diverse range of policy areas. Research in 2018 will focus on inequality; community attitudes to economic growth and development; and a major review of the purpose of economic growth and development in Australia.
