CEDA MEMBERSHIP | OUR AMBITION

PROGRESS 2050

Strong Economy

**PRODUCTIVITY,
INVESTMENT AND
INNOVATION**

**KNOWLEDGE, SKILLS
AND WORKFORCE**

**ENERGY TRANSITION
AND CLIMATE
ADAPTATION**

Goal 1: Australia's businesses are amongst the most competitive and dynamic in the world.

Goal 2: Australia's skills, knowledge and ideas are valued, invested in and sought after – locally and globally.

Goal 3: Australian businesses and communities lead climate adaptation and the transition to affordable, reliable and secure clean energy.

Progress 2050 is our vision of long-term prosperity for all Australians.

Launched in 2024–25, it responds to growing global challenges and the call from our members for bold, people-centred action.

At its core, Progress 2050 recognises that an economy is about people. It is built on two connected pillars - a strong economy and a strong social compact, because one cannot thrive without the other. Together they create a target for Australia's future: a nation that is innovative, inclusive and resilient.

These pillars are supported by six strategic goals developed through extensive consultation and research, guiding how we measure and drive real progress.

Strong Social Compact

**WELLBEING, SECURITY
AND PARTICIPATION**

**DISADVANTAGE AND
OPPORTUNITY**

**INCLUSION AND
EQUITY**

Goal 4: All Australians have access to the education, housing and care they need to thrive.

Goal 5: All Australians have the opportunities and support to live a productive, connected and meaningful life.

Goal 6: Australia's success is characterised by the vibrancy and diversity of our workplaces and society.

1 PRODUCTIVITY FUNDING POOL

Recommendation: CEDA called for a funded state reform model to lift productivity.

Impact: Federal Government created a \$900 million National Productivity Fund, enabling states to bid for productivity-enhancing reforms. Read more on page 9.

3 VISAS FOR SKILLER WORKERS IN CLEAN ENERGY

Recommendation: CEDA recommended fast-track visas and intra-company transfers for net-zero roles.

Impact: The Skills in Demand visa includes some clean-energy specialists but excludes key trades and ICT roles. Read more on page 14.

5 FAST-TRACKED VISA FOR HIGHLY SKILLED WORKERS

Recommendation: CEDA advocated for streamlined migration pathways for high-earning specialists.

Impact: A Specialist Skills Pathway was introduced, allowing faster processing for workers earning above \$145,000.

7 FOUNDATIONAL SKILLS

Recommendation: CEDA identified literacy, numeracy and digital capability gaps limiting workforce participation.

Impact: The Skills for Education and Employment (SEE) program was expanded and a National Foundation Skills Strategy launched.

9 INCREASE IN RENT ASSISTANCE

Recommendation: CEDA called for a review of Commonwealth Rent Assistance to address affordability.

Impact: Payments increased by 15% in 2023 and 10% in 2024, with further reform still needed. Read more on page 19.

2 REVIEW OCCUPATIONAL LICENSING

Recommendation: CEDA sought a comprehensive review to improve skill recognition and mobility.

Impact: The Productivity Commission is reviewing licensing under National Competition Policy. Read more on page 12.

4 SUPPORTING AGED-CARE WAGE INCREASES

Recommendation: CEDA called for wage rises to address workforce shortages and improve care quality.

Impact: The Fair Work Commission delivered significant pay increases for 400,000 aged-care workers. Read more on page 17.

6 BETTER USE OF MIGRANTS SKILLS

Recommendation: CEDA urged stronger protections and permanent residency pathways for skilled migrants.

Impact: The 2024 Skills in Demand visa created defined PR pathways and limited "visa hopping". Read more on page 21.

8 CLEAN-ENERGY PRECINCT FRAMEWORK

Recommendation: CEDA proposed clear criteria for precinct investment to attract global projects.

Impact: National Interest Framework now aligns investment with emissions, security and economic priorities.

10 RECOGNITION OF INTERNATIONAL QUALIFICATIONS

Recommendation: CEDA pushed to fast-track recognition of overseas qualifications to fill skill gaps.

Impact: In 2025, expedited recognition began for internationally qualified nurses, starting with the health sector.
